1882 THE 1883

CENTENNIAL CALENDAR

OR

SIMMONS LIVER REGULATOR

HEADACHE,

CONSTIPATION,

AND ALL BILIOUS AFFECTIONS.

ALMANAC

STOP THIEF!

Is a cry that causes a thrill of excitement whenever heard, and the sympathetic public has at once its true manly feelings aroused to check the career of the robber.

What, then, is more terrifying than to learn that countenance is given and encouragement shown to those who would rob a proprietor of his justly earned reputation, and try to pirate upon the character of a medicine, not only jeopardizing property but risking life; for he that imitates, substitutes or palms off the goods of one upon the reputation of the article of another, not only robs one but injures two—the one he defrauds and the one he deceives.

Why are counterfeits, substitutes and frauds originated? They are only to benefit the perpetrator who shirks responsibility, and who is not capable of creating a reputation of his own, and has no ambition or incentive to do right, to be honest, to make things pure, to keep things correct, for he is one upon whom no moral responsibility rests and can never do anything but what is reckless.

Purity, reliability, high character, established reputation, and scientific knowledge is what should be looked for in those that make medicines. Then why trust adventurers to make your physic, to doctor your sick, or to be introduced into your household?

A deceiver in one respect will be a deceiver in all. Therefore do not trust the man that does not give you the **Genuine Simmons Liver Regulator.**

UNITED STATES COURT.

Extract of Decrees in Favor of

J. H. ZEILIN & CO.

The Court ordered, adjudged and decreed, that the said defendants and their agents be and they hereby are perpetually enjoined and restrained from using or causing to be used upon any bottles or packages of **Liver Medicine** any Label or Wrapper in resemblance or imitation of the said Label and Wrapper of J. H. Zeilin & Co., or any resemblance or imitation thereof, and from *making, selling or offering for sale any medicine* under the name or title of **Dr. A. Q. Simmons Liver Medicine,** or of **Dr. Simmons Liver Regulator or Medicine,** or **Dr. A. Q. Simmons Liver Regulator or Medicine,** and from using the name or word **Simmons** or the *fac simile* signature of **A. Q. Simmons,** or in any way upon any bottles or packages of Liver Medicine or of **medicine made, or advertised, or sold for the Liver.**

To cure bad breath, take Simmons Liver Regulator.

THE FUTURE ARTIST.

Precious Lives Saved.—There are thousands alive and in health this day who owe their existence to **Simmons Liver Regulator.** A vast number who, by its use, have been relieved and cured of diseases for which it is a *specific* have voluntarily *so* testified. Is it not criminal on your part if you suffer from an ailment when certain relief is placed within easy reach at the most trifling expense? Our health is mainly, if not wholly, in *our own keeping*, and if our health, then to a great extent our happiness also. We should, therefore, be alive to the fact, and not suffer disease to effect a lodgment in our system, when we have at our very doors not only the means of eradicating it, but of absolutely warding it off effectually. Be just to yourself, then, and to Nature. Inquire into the truth of what is said respecting the benign and unrivaled properties of this great discovery. We say, without fear of contradiction, that there is not on the whole face of the globe its equal at the present moment, or another medicine so far-reaching or that meets with such unerring, such invariable success in the cure of all diseases of the liver, kidney and bowels.

There is not a particle of any *mercurial* or *mineral poison* in the **Regulator.** The herbs and leaves of which it is compounded are calculated to heal all ailments of the liver, skin, bowels and kidneys.

Height of Famous Structures.—Tower of Cologne Cathedral, 500 feet; Pyramid of Cheops, 480 feet; St. Peter's, at Rome, 473 feet; Dome of Capitol, Washington, 287 feet; Trinity Spire, N.Y., 286 feet.

Simmons Liver Regulator given in moderate doses *removes the Excess of Bile* and restores the sufferer to a healthy condition. It is cheaper and *safer* than calomel, and quite painless in its operations.

Old Rhyme for our Birthdays.
Monday, fair in the face,
Tuesday, full of grace;
Wednesday, woeful and sad;
Thursday, merry and glad;
Friday, loving and giving,
Saturday, work hard for a living;
Sunday, never to want.

A Double Experience.—"Shall I read you a pretty story, Effie?" "Has it got a moral in it?" "Yes, darling." "Then, Mumsey, I'd rather not. A story with a moral is like jam with a powder in it!"

BEVERLY, N. J., July, 1880.
Two years and a half ago I was suffering with severe pains across my chest, accompanied by a great deal of headache. I tried everything, and doctors could do me no good. Our druggist recommended your Simmons Liver Regulator, which relieved me in a short time, and found it to cure when nothing else would. I recommend it to all my friends for the cure of sick headache, liver disorders and malaria.

A. MERRITT.

Thousands say the Regulator is the best medicine for the liver they ever used.

Dropsy is alleviated by the use of Simmons Liver Regulator.

JEWISH CALENDAR.—5642. Jan. 1, Fast of Tebet. 21, Rosh Hodesh Shebat.

SOUTH GABRIEL, TEXAS, April 24, 1880.

GENTLEMEN:—We have a preparation of Simmons not giving satisfaction in this locality, and is not made by J. H. Zeilin & Co. Not another bottle of the counterfeit shall ever come in my store. I have frequent calls for your preparation. Please send me price list and almanacs for 1880.

Yours truly, DR. L. S. WHITAKER.

The Regulator never disappoints the high expectation raised by its reputation.

OUT OF THE RAIN.

Prejudice Against Proprietary Medicines in some cases may be justifiable. For in every city, and in almost every town in the country, will be found men who are *perfectly ignorant* of medical science engaged in compounding nostrums for general sale. To the injurious effects produced by such unscientific compounds is due, in a large degree, the prejudice which exists among the better educated against proprietary (sometimes called "patent") medicines.

But when you consider the high character of those engaged in manufacturing **Simmons Liver Regulator**, and the length of time this *perfectly* compounded medicine has been known to the public, all such feeling of distrust must melt away. Endorsers such as farmers, doctors, lawyers, merchants, mechanics, railroad men, artisans, clergymen and females—people in every rank of life—have used the **Regulator**, and felt its unspeakable value in the relief and cures of themselves, their children, friends and servants.

In cities, towns, villages and remote hamlets, up in high mountain regions and in flat, malarious, rich lowlands, **Simmons Liver Regulator** has made its wonderful curative powers felt.

Suspicious.—To find a person attempting to palm off something of his own make as a substitute for the article of another. Such people should not be trusted; for if they will deceive in one case they will in others, and a druggist, to be trusted, must be honorable in all things. There are hundreds of honorable men in the drug trade who will sell you genuine **Simmons Liver Regulator** only in genuine wrappers and stamps.

"**Don't you** think my son resembles me?" enquired an apothecary, as he introduced his greasy-faced boy to the witty Dr. H.—"Yes," replied the doctor, pretending to scan the physiognomy of each; "yes, I think I see your liniments in his countenance."

Help somebody worse off than yourself, and you will find that you are better off than you fancied.

U. S. CUSTOM HOUSE,
BOSTON, MASS., January 19, 1881.

DEAR SIRS:—I have been troubled greatly for the last five years with chills and fever, until I found relief in Simmons Liver Regulator, and can truthfully say that it is the best remedy I ever tried.

Yours respectfully,
C. H. NORMAN.

For Forty Years the Regulator has proved its great value.

JEWISH CALENDAR.—5642. Feb. 4, Rosh Shanah Leaylanot. 19, 20, Rosh Hodesh Adar.

MESSRS. J. H. ZEILIN & Co., *Gents.*:—My little girl, three years old, has just gone through with Whooping Cough, and not being able to expectorate freely, swallowed the phlegm, which irritated her stomach and made her feverish and fretful. I commenced to give her Simmons Liver Regulator every day or two, and it entirely relieved her stomach, and she hardly suffered as much as she would with an ordinary cold. I cheerfully recommend it to all who want a mild and safe cathartic for children.

Very Respectfully,

PHILADELPHIA, March 31, 1879. F. E. MASON.

The Regulator restores appetite and conquers general debility.

Decline Among American Women.—The causes of the decline in the health and physique of American women (says a famous writer) are not due wholly to their folly or the folly of their parents. Too much time is wasted on so-called accomplishments it is true, but the best schools are paying more attention to bodily development now. The **chief cause** is the common complaint of **Constipation.** Constipation is followed by **Indigestion,** which **poisons** the **blood.** Poor blood produces *languor, nervousness, lassitude, sallowness, biliousness* and a weakened system now becomes peculiarly liable to **malarial poison.**

Simmons Liver Regulator will positively counteract the poisons of malaria. *Restore* the *digestion, enrich* the *blood,* improve the appearance of the skin, and finally impart the *True Bloom of Youth.*

Thin Busts Perfected, is the way a British advertiser begins to tell the beauties of a new article of dress. Ladies, that man never had heard of the great **Simmons Liver Regulator,** or he would not write such rubbish. The true way to perfect the human form and figure is to BE WELL and KEEP WELL, and to do this you must have a good appetite and especially a good digestion, so that all you eat will *invigorate* and *strengthen* you and make good, healthy *flesh and blood.*

If you will take pains to read the directions around each bottle of **Simmons Liver Regulator** you will be fully instructed how to do this. Unlike other preparations, **you can leave off using when cured.** It is especially adapted to all female complaints. *Mild, pure, gentle, safe.*

Simmons Liver Regulator will *positively cure Malaria,* and remove those depressing feelings that are often unaccounted for.

All who wish to prolong life and enjoy the pleasures which can only come to those who have a good healthy body, should carefully read and ponder the simple truthful announcements made in our Centennial Calendar or Almanac. There you will find directions for meeting with **Simmons Liver Regulator** the attacks of many of the diseases which assail us, and how you may mitigate the ravages of those diseases and finally *cure yourselves.*

Be on guard to **prevent** the first insidious approaches of disease. Have the **Regulator** by you whether traveling or at home.

Thou rising Sun, thou blue rejoicing sky,
Yea, everything that is and will be free,
Bear witness for me, wheresoe'r ye be,
With what deep worship I have still adored
The spirit of divinest Liberty.

COLERIDGE.

LEIGH, NEB., January 10, 1881.

DEAR SIRS:—My wife was afflicted with malaria in its various forms, and your Simmons Liver Regulator cured her. We do not feel safe without it.

Yours, &c.,
J. N. THOMPSON,
Pastor M. E. Church.

The Regulator contains no ingredient that can injure any one.

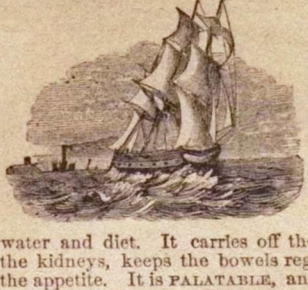
JEWISH CALENDAR.—5642. March 2, Fast of Esther. 5, 6, Purim. 21, Rosh Hodesh Nissan.

MANCHESTER, CUMBERLAND Co., N. C., August 28, 1880.

GENTLEMEN:—I have tried your **Simmons Liver Regulator** in my family and find it good. It is selling here, and I have not heard of a single case in which it has failed to do good.

Yours respectfully, N. G. HART.

Heartburn and nervousness are entirely relieved by the Regulator.



Ocean Travel, so common at the present day, is undertaken by many with dread forebodings of **sea-sickness** and its attendant miseries—nausea, vomiting, sick headache, constipation and loss of appetite. Bear in mind that **Simmons Liver Regulator** has proven a perfect **antidote** for these sufferings; travelers by sea or land should never be without this medicine. The **Regulator** *prevents* the ill effects of change of water and diet. It carries off the bile, soothes the nerves, acts on the kidneys, keeps the bowels regular, assists digestion and restores the appetite. It is PALATABLE, and imparts a grateful warmth to the stomach and bowels. Being a LIQUID, the dose can be graded at will, so as to produce an effective purge, or a gentle laxative or a simple Tonic effect, invigorating the stomach and promoting digestion. CONSTIPATION (so general in sea voyages) is positively removed—not by purging and weakening the bowels, but by regulating and strengthening them to perform the customary functions in an easy and natural manner. Sick Headache positively cured. We mean cured, not merely relieved.

INDIGESTION AND BILIOUSNESS.

These two complaints are closely akin and generally exist together. *Dyspepsia* or *Chronic Indigestion* is more prevalent in this country than anywhere else on the face of the earth, the chief reason being that we eat with intemperate haste, and consequently do not, as a rule, properly masticate our food. The work that should be done by the dental mill we remit to the stomach; and as it cannot accomplish the task the *food grist* is not properly ground up and applied, and the whole body—aye, every fiber and tissue of it—suffers. We need not here describe the pains and penalties of *Dyspepsia*. They are within the personal experience of two-thirds of the adult population of the United States. *Biliousness* is a somewhat indefinite term, but it means, in its common acceptation, an *unnatural determination of bile to the channel of circulation*. The yellow tinge of the skin and of the white of the eyes in bilious cases is caused by the undue presence of bile in the superficial blood vessels.

A Newburyport man wanted a wife, and so called on a respectable widow lady of his acquaintance for assistance. "Madam," he says, "I am looking for a wife. I don't think you'll hardly do, but I didn't know but that you might think of some one who would, and so I called." History does not record what answer he received.

Private View.—Stud Groom (who has looked into the Academy): "Comes of a hartis' family myself, sir. My mother married an 'ouse painter."—*Punch.*

I have used your Simmons Liver Regulator with wonderful effect for Dyspeptic symptoms, it acted like a charm. In all the change of water and diet traveling, I find it invaluable; removing all ill effects from such changes. J. J. RICHARDSON.
Davenport, Iowa, Jan. 1870.

Being seriously afflicted with general debility and total loss of appetite for the past three or four years, I tried Simmons Liver Regulator, which has completely restored my appetite, and my health is generally greatly improved.
MRS. EDMUND FITTON.
FRANKFORD, PA.

The Regulator cures long-standing cases of indigestion.

JEWISH CALENDAR.—5642. April 4, 5, Pesah, 2 first days. 10, 11, Pesah, 2 last days. 19, 20, Rosh Hodesh Iyar.

CEDAR POINT, VA., Sept. 3, 1880.

Dear Sirs:—I have used **Simmons Liver Regulator** quite irregularly for a great while, and I am sure I have not received so great benefit in the use of any other remedy in many years as from this; it regulates and gives tone and vigor to the whole system.

P. H. BRICE.

The Regulator is the best general family medicine that ever was made.

THE HOUSEKEEPER.

Plain Fare.—One of the things that the Doctors and Hygienists are constantly urging upon their patients is *plain fare* and careful dieting. That is a good doctrine. But the great and *valuable* thing about **Simmons Liver Regulator** is, that no matter whether your *fare* be rich or not, it will, if regularly used, secure you the blessings of health.

To Fry Shad.—Split the shad down the back, clean carefully, sprinkle with salt and lay on a dish over night; wipe dry and roll in fine Indian corn meal, fry slowly at first in a fry pan of very hot butter and lard, say one-third of butter to two-thirds of lard. Towards the last hurry up the frying and you will have a delicious dish.

Pectoral Chicken Broth.—Cut up a young fowl into several pieces, put in a stew-pan with three pints of water; set on the stove fire to boil; skim well, and add a little salt; take two tablespoonfuls of pearl-barley, wash it in several waters, and add it to the broth, together with one ounce of marsh-mallow roots cut into shreds, for the purpose of better extracting its healing properties. The broth should then boil one hour, and be passed through a napkin into a basin, to be kept ready for use.

Mutton Broth.—Take three pounds of the scrag end of a fresh neck of mutton, cut it into several pieces, wash them in cold water, and put them into a stew pan with two quarts of cold spring-water; place the stew-pan on the fire to boil; skim well, and then add a couple of turnips cut into slices, a few branches of parsley, a sprig of green thyme, and a little salt. When it has boiled gently by the side of the stove for an hour and a half, skim off the fat from the surface, and then let it be strained through a lawn sieve into a basin, and kept for use.

By omitting shortening—that is, both butter and lard—from any good fried cake recipe, and using in place of it a cup of sweet milk, the cakes will be light and almost entirely free from grease. Take care to have the lard in which they are fried very hot.

Almond Cookies.—Two pounds of butter, three pounds of sugar, one pound of almonds blanched and chopped, cut in halves or pounded, two teaspoonfuls of cinnamon, one teaspoonful of saleratus, one cup of boiling water, one lemon, one dozen eggs, knead in flour enough to make the dough as stiff as cooky dough should be, roll and cut in fancy shapes, and after they are in the tins sprinkle the almonds thickly over them.

Do not put carpets in your closets; oilcloth or matting is much better, and can be easily kept free from dust. Matting after being swept should be wiped with a damp cloth. Hot salt and water will thoroughly cleanse it and will not discolor it. If one could afford to do it it would be a healthful plan to lay aside the carpets of sleeping rooms during the summer, and substitute the cool fresh mattings.

To cook duck satisfactorily boil it first, until tender; this can be determined by trying the wing, as that is always a tough part of a fowl. When tender take it out, rinse it in clean water, stuff and put it in the oven for about three-quarters of an hour, basting it often.

When cooking asparagus be sure to put salt in the water, put in almost enough to season it with. The asparagus will cook quicker and be more tender. A solution of salt and water boils at a higher temperature than water alone; consequently a little salt should be added to the water in which any vegetable is cooked.

Buttermilk Bread.—Two lbs. flour, brown or white; one teaspoonful of baking powder, one-eighth ounce bi-carbonate of soda, a pinch of salt, a dessertspoonful of white sugar, if liked. Put the flour in a bowl and mix all the other ingredients on a board, taking care to leave no lumps. Add to the flour and mix into a firm dough with sour buttermilk, knead it a little, make it into loaves, and bake it at once. Sour does not mean rancid buttermilk. If it is sweet, double the baking powder and leave out the soda, but it will not be so good.

LOWELL, Dodge Co., Wis., Mch 8, '81.

DEAR SIRS:—I am troubled with Liver Complaint; my uncle, Rev. P. Schaefer told me he had the same trouble and was cured by Dr. Simmons Liver Regulator. What is the price of the remedy, as I would like to try it?

Yours truly, E. SCHAEFER.

Fishing.—A party of gentlemen, strolling along a lake, espied a boy, with a red shirt and old straw hat.

"Hello, boy, what are you doing?" said one of them.

"Fishing," came the answer.

"But what do you catch?" said the gentleman.

"Fish, you fool; what do yous'pose?"

Every day the Regulator works astonishing cures.

JEWISH CALENDAR.—5642. May 3, Pesah Shenee. 7, Lag Laomer. 19, Rosh Hodesh Sivan. 24, 25, Shebuot.

LIVE OAK, FLA., January 13, 1880.

GENTLEMEN:—Your **Simmons Liver Regulator** both prepared and powdered are staple articles with us, and we would think no more of being out of it than to be out of quinine or morphia, or any standard medicine. The sales are good.

Yours truly,

BYNUM & BLOUNT, *Druggists.*

The Regulator will restore the kidneys to health and vigor.

The Regulator banishes all diseases caused by torpid liver.

USEFUL HINTS AND TABLES.

Brick Measurement.

To 1 cub. ft. of a 9 in. wall lay 15 bricks.
" 1 " " 12 " " " 22½ "
" 1 " " 16 " " " 30 "
" 1 " " 20 " " " 37½ "

By keeping these figures before you it is easy, to calculate how many bricks you need to build your house.

A Connecticut man while eating fish got a bone in his throat, which irritated and pained him excessively. For forty-eight hours he fasted, in the hope that the bone would leave the throat, but it did not. A friend suggested that he should swallow an egg. He tried the experiment, and felt the bone move. He then swallowed another egg, and the bone was gone entirely. This may be worth remembering.

To cure a balky horse, tie his tail to a whiffle tree, just so that when his mate pulls a little, a strain will come on the tail. Instead of beating a balky horse try this simple remedy.

Scratches and heel cracks can be cured by the following method: Wash the feet clean, then dry thoroughly, and apply carbolic salve, at least twice a day. Pursue the same course for saddle galls.

Eight bushels of good lime, 15 bushels of sand, and 1 bushel of hair, makes enough mortar to plaster one hundred square yards.

One thousand shingles, laid four inches to the weather, will cover one hundred square feet of surface, and five pounds of nails will fasten them on.

Black walnut can now be manufactured very cheaply. One part of walnut peel extract is mixed with six parts of water, and the wood is coated with the solution. When the material is about half dry a solution of bichromate of potash with water is rubbed on it, and then your walnut is ready. Furniture dealers have been known to make excellent walnut from very poor pine, but the difference was slightly perceptible; however, this method is said to defy detection.

A horse should have 100 pounds of hay per week.

Antidote for Poison.—If a person swallows any poison whatever, or has fallen into convulsions from having overloaded the stomach, an instantaneous remedy is a heaping teaspoonful of common salt and as much ground mustard stirred in a teacup of water, warm or cold, and swallowed instantly. It is scarcely down before it begins to come up, bringing with it the remaining contents of the stomach, and lest there be any remnant of poison, however small, let the white of an egg or a cup of strong coffee be swallowed as soon as the stomach is quiet—because these very common articles nullify a large number of virulent poisons. Do this while waiting for the doctor.

The Hay Question.—Some years ago I read in an English book, "Food for a horse for 1 year, 2½ tons of hay, 13 quarters of oats." It so happened it was toward the end of a year, and we were settling up the accounts of a club stable, of from 10 to 14 horses. We had every reason to believe our stable-men were perfectly honest. I took all the *back* receipts for hay purchases for the year, and the amount of time each stall was occupied, and, rather to my surprise, the hay consumed was almost to a fraction the quantity allowed by the English authority.

As to oats I could not be so exact. Eight bushels to a quarter would, at 13 quarters a year, give about 9 quarts a day. The English oats, however, are, I believe, much heavier than ours, and probably we ought to allow at least 12 quarts a day to a horse.

It will be observed the amount of hay consumed to a horse is about 100 lbs. a week. Let an employer or owner ration his horses accordingly, and if it don't work look into it.

Bait for Rats.—Mix a paste of corn meal with raw eggs, which is the best bait for a wire trap; they will all get in if there is room.

Ease tired feet by bathing them in warm water in which a few lumps of saleratus have been dissolved.

CLINTON, GA.

Having suffered for a long time with indigestion and constipation my general health became broken down and my complexion lost its natural color, assuming a yellowish hue. After using Simmons Liver Regulator for a short time my health and strength was restored and the freshness of my complexion returned.

MRS. M. BROOKS.

A Galveston school teacher asked a new boy: "If a carpenter wants to cover a roof fifteen feet wide by thirty broad, with shingles five inches broad by twelve long, how many shingles will he need?" The boy took up his hat and slid for the door. "Where are you going?" asked the teacher. "To find a carpenter. He ought to know that better than any of we fellers."

There is deep meaning in the Oriental salutation, "How is your liver?"

The Regulator cures colic in man or beast.

JEWISH CALENDAR.—5642. June 17, 18, Rosh Hodesh Tamooz.

NATIONAL HOTEL, WASHINGTON, D.C., 9 Dec., 1880.

MESS. J. H. ZEILIN & CO., *Dear Sirs.*:—Your package sent by express, containing your letter of the 6th inst., and with it three bottles of **Simmons Liver Regulator**, was received this morning. Please accept my thanks for both the letter and the medicine. Be assured your kindness in this particular is greatly appreciated by me. I have heretofore used Simmons Liver Regulator occasionally with benefit and shall try the supply you have sent me under like circumstances.

Yours truly, ALEXANDER H. STEPHENS.

In many malarial districts the Regulator has superseded quinine.

SPRING-BY-THE-WAY STYLE, FOR GIRLS.

Delicate persons, and all those whose systems have become debilitated, should bear in mind that **Simmons Liver Regulator** is not a drastic purging medicine, therefore does not weaken or deplete the system as all purgatives do; it induces daily natural evacuations without straining, griping or pain; therefore its action being so gentle invigorates the bowels and tends to make the habit of the body regular, assisting nature rather than forcing it, thereby preventing as well as curing *constipation*, and the many diseases arising therefrom, the most common of which are *piles*, which are produced by constipation and increased by purgatives. It will be found most appropriate for ladies and delicate persons, as they very frequently suffer from SICK HEADACHE and ACIDITY OF THE STOMACH, principally caused by costiveness. Owing to its mild action it can even be taken by the WEAK and DEBILITATED at all times and under all circumstances with perfect safety. As a Spring Medicine the Regulator is invaluable, by encouraging the prompt clearing out of the excess of bile which would undoubtedly prove injurious during the heat of Summer. From its gentle action, as well as its pleasant taste it is most peculiarly adapted for CHILDREN, acting so soothingly, never irritating the stomach of the most delicate CHILD. Thereby saving them from the ravages of diseases so common to infancy and youth.

The *bed-ridden*, the most *delicate home-bound invalid* need not hesitate to use the Regulator, and mothers and nurses may give it to children for their most distressing complaints with the *utmost confidence in its safety.*

LIFE is put together considerably like a set of harness. There are traces of care, lines of trouble, bits of good fortune, breaches of good manners, bridled tongues, and everybody has to tug to pull through.

Dyspepsia.—Hundreds of maladies spring from this complaint. The symptoms of this disease are the symptoms of a broken-down stomach. Indigestion, Flatulence, Heartburn, Acid Stomach, Pain after Eating—giving rise sometimes to the most excruciating Colic—Pyrosis or Water Brash. **Simmons Liver Regulator** is the safe remedy and a sure cure.

Constipation.—If the effete matter remains in the stomach it results in blood poisoning, and invariably Dyspepsia ensues with decided derangement of the Liver and Kidneys, accompanied by Headache, Nervous Debility and Piles. Therefore assist nature by taking **Simmons Liver Regulator.**

There was a man in Paris who, when he went out, was always robbed. Somebody said: "Why don't you carry pistols?" He replied: "Suppose I did—why, the robbers would take them too."

BRIDGEPORT, ALA., June 2, 1876.
I have been selling your Regulator for the last three or four years. It gives better satisfaction and sells more readily than any Patent Medicine. DR. E. L. LEE.

Dyspepsia is cured by the regulation of the liver.

JEWISH CALENDAR.—5642. July 4, Fast of Tamooz. 17, Rosh Hodesh Ab. 25, Tishabeab. 31, Tubeab.

My wife some ten years ago was affected with pain in side and shoulder so she could not raise her hand to her head, and bad feelings caused by diseased Liver or Indigestion; and took Dr. Simmons Liver Regulator, and has been well ever since. It has cured her permanently. M. MARSHALL, PERRY, GA.

Simmons Regulator is the best medicine for the Liver known to the human race.

SPIRAL SPRING STYLE, FOR CHILDREN.

When the blood becomes thin and impure, it becomes poor and then it does not contain sufficient nutriment necessary to sustain the structure of the muscles, bones and sinews of the body, hence dyspeptics are always deficient in strength. The deficiency is not confined to voluntary motion, to ability to labor, it extends to every function of the system, to all its manufactories, they are not carried on with healthful vigor; their products are neither perfect or pure, and do not accomplish the design intended; hence the whole machinery of the body is out of order, to such an extent, sometimes, that there is neither the disposition or strength to work; effort is painful, it is labor to think; study is impossible, and a sense of prostration pervades the whole body. Headaches, sour stomach and dizziness are of frequent occurrence. At this condition **Simmons Liver Regulator** supplies exactly what the system lacks. The Regulator, unlike so many tonics, keeps the system very gently open, while it BRACES up and STRENGTHENS it; supplies just what has been drained away by Dyspepsia, gradually bringing the patient into a fine healthy natural condition.

Symptoms of a Diseased Liver.

Bad breath, bitter or bad taste in the mouth, uneasiness or pain in the side, sometimes the pain is in the back or shoulders, and is mistaken for rheumatism; the stomach is affected with *sourness, loss of appetite,* and sickness; at times a burning sensation in the pit; bowels, in general, *costive,* sometimes alternating with *laxity*; the head is troubled with pain, dizziness, or dull heavy sensation, with a considerable *loss of memory,* blurs and specks before the eyes, or a painful sensation of having left undone something which ought to be done; the *skin and eyes* at times assume a thick, yellowish appearance, the feelings are depressed with melancholy *or the blues;* at other times vindictive and irritable from trifling causes, or anxious and nervous, easily startled; a feeling of *drowsiness and indolence* exists, and although satisfied exercise would be of benefit, the patient can seldom summon up fortitude enough to try it, in fact is inclined to *distrust every remedy;* the food does not *digest,* a fullness about the abdomen is experienced, and a disposition to often *loosen the clothing;* the feet are cold or burning, *sleep restless,* dreams commonly frightful; a prickly sensation of the skin is often felt; the face is sometimes flushed, and a dry cough is often an attendant. *Of course not all,* but sometimes several, of the above symptoms attend the disease, and cases have occured when but few of them existed, yet upon examination of the body after death the Liver has been found extensively diseased.

Simmons Liver Regulator is a certain, safe and speedy cure for Ague and Fever. Guaranteed in every case. It never fails to cure the first expected chill.—Safe under all circumstances.

The Girl for Me.

Just fair enough to be pretty,
Just gentle enough to be sweet,
Just saucy enough to be witty,
Just dainty enough to be neat.

I have used Simmons Liver Regulator for two years and recommend it as a very superior medicine for Dyspepsia and Liver disease.
GEO. W. SMITH, Ky. Conference, M. E. Church South.

The Regulator is as meritorious as it is popular.

JEWISH CALENDAR.—5642. August 15, 16, Rosh Hodesh Elool.

HARLAN, IND., May 15, 1880.

Dear Sirs:—I have been troubled with liver complaint, kidney disease and bad blood which rendered me unfit for my profession (school teacher) until I learned about Simmons Liver Regulator, and now I have used five bottles of it and it has done me more good than all the rest of the medicine I have ever taken. I would not be without it. Publish this if you choose.

Respectfully, J. H. ZEIS.

Are you bilious? The Regulator is a specific for diseased and torpid liver.

SPRING MEDICINE FOR YOUNG AND OLD.

NATURE'S LAW.

In Spring, cleanse the system of all impurities by means of a mild and natural remedy.

Observe how cattle, horses, dogs, and feathered fowls, in obedience to nature's law, at this season, search for and find in grass and medicinal herbs the medicine nature demands and which providence supplies, to purge and clear out their system.

Human nature is under the same law and craves a similar *vegetable* cathartic.

In **Simmons Liver Regulator** is found nature's VEGETABLE cathartic for the human family. It is as simple and harmless as the grass of the field, yet upon mankind it has the same *purifying* and *restoring* effect, which certain grasses and herbs have on the lower animal nature.

The recovered dyspeptic who called the **Regulator** "a God-given remedy" applied to it a term truly descriptive; for from the great botanic garden of the world all its ingredients are taken, and in the *millions* of bottles required to satisfy the demand, we have the best evidence that it is nature's own remedy "for the healing of the nations." In Spring, when feverish, and depressed with lassitude, commonly called spring fever, know that it is nature's call for a medicine to purify the blood; and regulate and tone the system; do not neglect the call, but take at once a course of **Simmons Liver Regulator.**

Horse Note.—"I take pleasure in saying that when my horses were sick with what was called lung fever, last Spring, I gave **Simmons Liver Regulator** (liquid) in one ounce doses, twice a day. They all recovered speedily.

E. T. MICHENER.
"Prop. Michener's Express, Jenkintown, Pa."

In using **Simmons Liver Regulator** with my chickens, for cholera and gapes, I mix it with the dough and feed it to them once a day. By this treatment I have lost none where the Regulator was given promptly and regularly.

E. T. TAYLOR,
Agt. for Grangers of Ga.

I have been surprised so see what a good effect **Simmons Liver Regulator** has upon chickens. I have seen them fall over with cholera and have given them a teaspoonful and known them to get perfectly well.

THOS. FLOOD,
Green Street, Germantown.

I AM never without Simmons Liver Regulator in my family. I use it for everything, Cramps, Diarrhœa and Colic, and in Grubbs for Horses and Mules. It is the best remedy I can find. It has saved many Mules and Horses for me. Use my name as you wish in the praise of the Regulator.

W. A. CHERRY, MACON, GA.

Always see that you get the GENUINE Simmons Liver Regulator in White wrapper, with a red Z stamp.

The Regulator cures colic and other infantile diseases.

JEWISH CALENDAR.—5643. September 14, 15, Tishree Rosh Hashanah. 17, Fast of Guedalyah. 23, Kipoor. 28, 29, Sucot, 2 first days.

THE JEFFERSONIAN,
WEST CHESTER, PA., December 8, 1880.

I have used your Regulator in my family for several years with very beneficial results, and believe it a good thing which few patent medicines are.

Very truly yours W. H. HODGSON.

The Regulator surpasses all other remedies for dyspepsia, liver complaint, and debility.

DARBY'S PROPHYLACTIC FLUID,

A HOUSEHOLD ARTICLE FOR UNIVERSAL FAMILY USE.

A Wonderful Healing Remedy and Most Powerful Disinfectant.

A PERFECT GERM DESTROYER.

Removes all Offensive Odors, Cures Burns, Cuts, Stings, Sores, Catarrh, Diarrhœa, Diphtheria, Erysipelas, Piles, Corns, Chilblains, Colic, and all kindred Complaints. Prevents and Mitigates Scarlet and Typhoid Fevers, Measles, Small Pox, and all Contagious Diseases. Valuable in every Sick Room. Destroys all Animal and Vegetable Poisons. A Complete Purifier and Cleanser.

PREPARED BY

J. H. ZEILIN & CO.,

MANUFACTURING CHEMISTS,

PHILADELPHIA,

SOLE PROPRIETORS.

TO DISINFECT A ROOM.

Expose a small quantity in a plate or saucer, or pour some on a clean brick, and put it as near as convenient to the place to be disinfected. In a short time the air will be perfectly pure. Use it in every sick room, in the water closet, or anywhere that disagreeable odors are to be destroyed.

FOR FEVERS, CONTAGIOUS DISEASES, &c.

In cases of Scarlet Fever, Ulcerated Sore Throat, Diphtheria, Salivation, gargle the throat or swab it out with Fluid and water as strong as the patient can bear. In Scarlet and Typhoid Fevers, bathe neck and chest with Fluid and water when the fever is on. In Small Pox, Measles, and other contagious diseases, expose the Fluid in the room, sponge off the patient with it diluted with water, and also take a few drops internally in a little water—say five or ten drops in a small wine-glass full of water. Persons waiting on the sick should also use it freely in the water they bathe with, and also take it internally. Scarlet Fever has never been known to spread where the Fluid was used freely in time. Yellow Fever has been cured with it after black vomit had taken place. The worst cases of Diphtheria have rapidly yielded to it.

FOR CATARRH.

Dilute the Fluid with five or six times as much water and pass it through the nose with the douche, thus washing it out thoroughly. Otherwise, snuff it up the nose as may be most convenient. It is certain to give instant relief, and its steady use a short time will effect an entire cure.

The Regulator cures sick-headache.

JEWISH CALENDAR.—5643. October 4, Hoshaanah Rabah. 5, Sheminee Aseret. 6, Simhat Torah. 13, 14, Rosh Hodesh Heshvan.

My child has been entirely cured of jaundice by the use of Simmons Liver Regulator. My daughter, about six years old, was also cured of the chills by using the Regulator but a short time. A. M. COLEMAN.
LAGRANGE, MISS.

The Regulator fortifies the system against chills and fever.

DARBY'S PROPHYLACTIC FLUID,

Is the Best Preparation for a Larger Number of Household Uses than any other Article in the Market.

1.—Primarily it is a perfect Disinfectant, and Deodorizer, entirely harmless in its use, and may be used internally as well as externally.

ERYSIPELAS.

In our hospitals it has stopped Erysipelas and Gangrene, and thousands of limbs have been saved to our soldiers by keeping off these fatal results till healing was accomplished. Bathe the part affected with the Fluid frequently, and keep on a bandage moistened with it when practicable.

FOR DIPHTHERIA.

Gargle the throat with the Fluid diluted, repeatedly, or in bad cases swab it out with a sponge or clean white rag wet with the Fluid.

COLIC IN HORSES.

Take a quart bottle, pour in half a bottle of Fluid, fill up with water, and drench the animal with it. It acts like magic. A second dose is seldom required. We have known the worst cases cured in five minutes.

FOR SCOURS, &c., IN ANIMALS.

Pour some of the Fluid in the water they drink.

TO SWEETEN RANCID BUTTER OR LARD.

Wash it thoroughly in a very dilute solution of the Fluid two or three times and then in water alone.

From Hon. Alex. H. Stephens, of Ga.

CRAWFORDVILLE, GA.

Darby's Prophylactic Fluid is an article of little cost, but of great value. Its domestic as well as medicinal uses are numerous, while its specialties are most wonderful. I have not been without it for ten years, and no head of a family who can afford to have it should ever be without it.

ALEXANDER H. STEPHENS.

From Mr. Wm. White, President East Broadway R. R. Co.

PRESIDENT'S OFFICE, DRY DOCK, EAST BROADWAY & BATTERY R. R. Co., 605 GRAND ST., NEW YORK, May 6, 1879.

GENTS:—I have used Darby's Prophylactic Fluid since its introduction. I fear that if I should say all I might in praise of it, my endorsement might appear fulsome. This I do say, that where it is fully tried it will always thereafter be kept in use.

Yours respectfully,

WM. WHITE, *Pres.*

From Prof. N. T. Lupton.

VANDERBILT UNIVERSITY, NASHVILLE, TENN.

It affords me great pleasure to testify to the most excellent qualities of Prof. Darby's Prophylactic Fluid. As a disinfectant and detergent it is both theoretically and practically superior to any preparation with which I am acquainted.

Very Respectfully,

N. T. LUPTON,

Professor of Chemistry.

From the Eminent Physician, J. Marion Sims, M.D.

NEW YORK.

I am convinced that Prof. Darby's Prophylactic Fluid is a most valuable disinfectant.

The Liver Regulator is most appropriately named.

JEWISH CALENDAR.—5643. November 12, Rosh Hodesh Kislev.

Simmons Liver Regulator has been in use in my family for years. We use it for all kinds of liver affections. Only yesterday my son prepared a bottle from your valuable powder. We are never without it, and can safely recommend it for all you claim it to do.

Yours very respectfully,

W. R. McELROY,

FAYETTEVILLE, TENN., June 30, 1879.

The Regulator preserves and regulates but does not destroy

[ENGLISH.]

THOSE who suffer with Constipation, DYSPEPSIA, Fever & Ague, Biliousness, and from the effects of MERCURY should take

DR. SIMMONS

LIVER REGULATOR.

PURELY VEGETABLE.

It will Cure all Diseases caused by Derangement of the Liver and Bowels.

DYSPEPSIA.

The Regulator will positively cure this terrible disease. We assert emphatically what we know to be true.

CONSTIPATION

Should not be regarded as a trifling ailment. Nature demands the utmost regularity of the bowels. Therefore, assist Nature by taking Simmons Liver Regulator. It is harmless, mild and effectual.

PILES.

Relief is at hand for those who suffer day after day with Piles. It has cured hundreds, and will cure you.

MALARIA.

Persons may avoid all attacks by occasionally taking a dose of Simmons Liver Regulator to keep the liver in healthy action.

BAD BREATH,

Generally arising from a disordered stomach, can be corrected by taking Simmons Liver Regulator.

JAUNDICE.

Simmons Liver Regulator soon eradicates this disease from the system, leaving the skin clear and free from all impurities.

COLIC.

Children suffering from colic soon experience relief when Simmons Liver Regulator is administered. Adults also derive great benefit from this medicine. It is not unpleasant. It is harmless and effective. Purely vegetable.

SOLD BY ALL DRUGGISTS.

TRY IT.

[GERMAN.]

Alle diejenigen welche an **Verstopfung, Dyspepsia, Kaltem Fieber** Gallen-Krankheit und an der schädlichen Wirkung von **Mercur** leiden, sollten gebrauchen

Dr. Simmons

Leber-Regulator.

Rein vegetabilisch.

Derselbe kurirt alle Krankheiten, welche durch eine kranke Leber oder Eingeweide entstehen.

Dyspepsia.

Der Regulator ist ein unfehlbares Heilmittel in dieser Krankheit. Wir behaupten dieses, weil wir davon überzeugt sind.

Verstopfung

sollte niemals als eine geringe Krankheit angesehen werden. Die Natur verlangt eine regelmäßige Ausleerung der Eingeweide. Deßhalb unterstützt die Natur durch den Gebrauch von Dr. Simmons Leber-Regulator. Derselbe ist harmlos, mild und wirksam.

Hämorrhoiden.

Hülfe ist bei der Hand für Diejenigen, welche Tag für Tag an dieser Krankheit leiden. Hunderte wurden durch den Gebrauch desselben kurirt und es wird auch dich kuriren.

Malaria.

Personen können alle Angriffe dadurch vermeiden, daß sie gelegentlich eine Dosis von Simmons Leber-Regulator einnehmen, um die Leber in gesunder Activität zu halten.

Schlechter Athem,

Gewöhnlich durch einen kranken Magen herbeigeführt, kann durch Simmons Leber-Regulator beseitigt werden.

Gelbsucht.

Simmons Leber-Regulator vertreibt diese Krankheit schnell aus dem System und macht die Haut klar und frei von allen Unreinlichkeiten.

Kolik.

Kinder, welche an der Kolik leiden, erfahren Linderung sobald ihnen Simmons Leber-Regulator eingegeben wird. Erwachsene erhalten ebenfalls große Linderung durch den Gebrauch dieser Medizin. Dieselbe ist nicht unangenehm. Sie ist harmlos und wirksam. Rein vegetabilisch.

Zu kaufen bei allen Apothekern.

Versucht es.

The Regulator cures enlargement of the spleen.

JEWISH CALENDAR.—5643. December 4, Barech Alenu. 6, Hanucah, 1st day. 11, Rosh Hodesh Tebet. 20, Fast of Tebet.

Having tried everything recommended for my wife for Enlargement of the Spleen, and all failing to relieve her, I concluded to try Simmons Liver Regulator, I got one package, made it up, gave it according to directions, and must say that to-day she is as healthy a woman as there is in the county.

P. H. SHINHOLSER, MACON, GA.

The Regulator is the only vegetable remedy that acts on the liver.

The return of fever and ague is prevented by the Regulator.

The Regulator, the true Malarial Antidote.

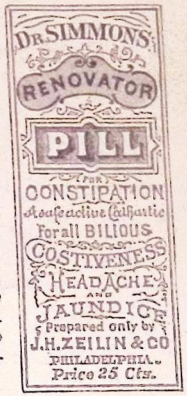
SOLE PROPRIETORS OF

PROFESSOR EDWARD PARRISH'S

PREPARATIONS AND SPECIALTIES.

Compound Syrup of Phosphates, ("Chemical Food.")
Syrup of the Hypophosphites,
Syrup Lacto-Phosphate of Iron,
Elixir of Calisaya,
Elixir of Valerianate of Ammonia,
Solution of Meconate of Morphia,
Glycerole of the Hypophosphites,
Syrup of Phosphate of Iron,
Bitter Wine of Iron,
Wine of Pepsin,
Liquid Rennet,
Dragees of Santonine,
Propylamin Cordial.

DR. SIMMONS RENOVATOR PILL.



From continued neglect, the Bowels often become thoroughly constipated, and it is necessary to use some very active cathartic, to speedily and effectually remove the secretions.

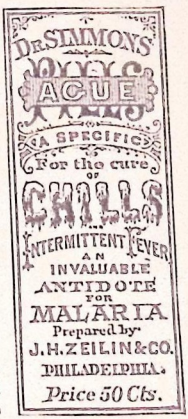
Constipation will produce serious consequences if not corrected, and the Renovating Pills are perfectly adapted for such disorders, being small and easily taken.

Only one Pill for a dose.

A convenient and satisfactory physic to relieve the leading trouble in all sickness, Constipation.

Many want an economical remedy to start the bowels, as an assistant to **Simmons Liver Regulator**, we recommend the time-honored and thoroughly tested Renovating Pills, which by their action are sure to renovate the entire system satisfactorily, and secure universal praise.

DR. SIMMONS FEVER AND AGUE PILLS.



Many cases are found where the system is so debilitated from long standing chills, that it requires some energetic, strengthening remedy should be used to rapidly build up, although the REGULATOR will accomplish it in time. Yet some patients require an especial tonic. The Fever and Ague Pills will be found all that is wanted to speedily invigorate the system, keep off the chill, and dissipate the ague effectually.

Forearmed with

DR. SIMMONS LIVER REGULATOR,
DR. SIMMONS RENOVATOR PILL,
DR. SIMMONS FEVER AND AGUE PILLS,

You can bid defiance to any disease that emanates from disordered stomach, liver, bowels, kidneys, head, blood and vitals. In fact, you have almost an entire Medicine Chest in Dr. Simmons Medicines.
